

New horizon

I sit and watch you dream about another lover
So I won't stand a-side and wait 'till time can tell
Soon this ship is leaving for a safer harbor
I'd sail the open sea, but I'm afraid of a new horizon

Where some shall meet, there some shall drown there's no way out
The road is long you see and it might be going nowhere

Well soon as morning comes, then put your cards on the table
To see who'll win this game, to know which road shall take me
