

You might get lost

Well come on baby drink the night away
For I can make you feel my love
So I went down to have a closer look
And god I 've found what I adore

And just as you talk, well that's the way I walk
And don't you forget, that when you reach out for the best
You might get lost

Well come on baby drive me home tonight
For I can help you win or lose
Should I stay or should I let you down
For I try to reach for hights

And just as you talk, well that's the way I walk
And don't you forget, that when you reach out for the best
You might get lost

Now don't you try to walk on over me,
For I can give you lots of time
To find your way and open up your view
For I know we'll meet again

And just as you talk, well that's the way I walk
And don't you forget, that when you reach out for the best
You might get lost
